## TESTS AVAILABLE

### ANTIGEN TEST

15 minutes  
@ £85

Check whether you are infectious and at risk of spreading the virus. Perfect for workplaces, or other situations where regular checks can reduce virus transmission and keep people safe from being infected. Results are returned in just 15 minutes.

### ANTIBODY TEST

15 minutes  
@ £75

Test your blood for the presence of antibodies produced in response to COVID-19 coronavirus exposure. This test is the gold standard in detection and millions of them are being used by the NHS.

### LAMP TEST

1 hour  
@ £140

A positive LAMP result means that the person the sample was taken from is currently infected by COVID-19. This swab and saliva method delivers results in 60 to 90 minutes.

### RT-PCR TEST

48 hours  
@ £140

Accepted by airlines and for immigration purposes. You should have this test if you wish to know whether you will be allowed to travel, or in order to gain entry to any restricted countries.

**RT-PCR TEST - SAME DAY SERVICE  
AVAILABLE FOR TESTS TAKEN BEFORE 10:00**

# GUIDE TO VISITING THE MANSI TESTING SUITE

## DR JOE MANSI

Dr Joe Mansi was a local GP, who during the night of August 30th 1940, 'performed miracles' while attending to victims at the airport after it suffered a devastating raid. Dr Mansi risked his life to dig out and save those who were trapped underground, after a bomb exploded on a trench shelter where 40 airmen and civilians were taking cover. Dr Mansi was well-respected by all those who knew him and the Airport is privileged to pay this tribute to his act of bravery.
